BOOK SYNOPSIS

Recipes for regular people who love great food by "a humorist and cookbook author whose recipes really work." To create her very best recipes for Beat This!, a cult favorite and a hilarious book full of seriously delicious recipes, Ann's formula was simple: "Double the chocolate and add bacon." But when she decided to go vegan, what in the world was she going to put in her pound cake—buttons? For a while, her kitchen resembled a molecular gastronomy lab. After a hellish incident with seitan, she made a decision: No more foods that made her hungry for her former life. No recipe would make the cut in her new life unless her husband liked it enough to beg for second helpings. More than 100 Hodgman-family-tested recipes later, Vegan Food for the Rest of Us was born, full of brilliantly original culinary discoveries, honest and funny writing, and yes, the very, very best recipes.
